August 31, 2011

Industrial Hydraulics, Inc is pleased to furnish this Letter of Recommendation for Sunco Construction, Mooresville, IN.

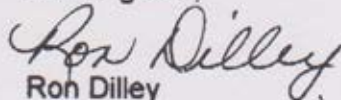

We interviewed four (4) construction companies before making our final decision to award our building contract to Sunco Construction. Mr. Bryant Hopwood had the best comprehension of the building we had planned to construction and the best recommendations on floor space utilization.

Our building is completed and we are very pleased with the end results. Mr. Hopwood has worked close with us from the point of obtaining building permits and the scheduling of all the construction aspect.

Mr. Hopwood is a man of his word and very easy to work with if changes are necessary during the construction process.

I would highly recommend Sunco Construction, Mr. Hopwood along with his staff to anyone planning to build a new building or remodel an existing building.

Best regards,

  
Ron Dilley  
President
