Agricultural Storage

As a leading steel building manufacturer in North America, Nucor Building Systems offers our customers durable, practical, and versatile agricultural buildings. Your customized building can be utilized for many purposes, with design options including clear span frames, high eaves, and expandable endwalls.

Ag Retail

Whether for business or personal purposes, Nucor can design your ag building with future expansion in mind. As your need for space grows, your building can also grow and meet your needs for years to come.

Equestrian

With a Nucor metal building, your precious livestock and costly equipment are not just stored, they are protected. As a member of MBMA and CSSBI, with IAS AC472 accreditation, Nucor metal buildings adhere to stringent specifications to ensure the high quality you need, giving you peace of mind and confidence both now and for years to come.

Livestock

Nucor steel buildings are designed to resist elements while protecting your investment. No matter what type of building you need: barns, livestock arenas or storage, a Nucor building offers the maximum in design flexibility, meeting all local building codes and engineer-certified for your specific location.

The Highest Quality Standards

Nucor Building Systems is one of the first metal building companies to achieve IAS AC472 accreditation - the high quality standard certification program written specifically for the metal building industry. All engineering follows industry specifications and standards published by the American Iron and Steel Institute, Factory Mutual, Canadian Sheet Steel Building Institute, and the Metal Building Manufacturers Association. These standards help ensure you have a safe, dependable metal building system.

Your Building Is Custom

Nucor Building Systems will custom design your facility, incorporating the latest engineering knowledge in the industry today, to meet your unique requirements. Your facility will be designed and certified by company registered professional engineers, and fabricated to your specific needs.

Financial Stability

As a Nucor (Fortune 500) company, we are one of the most flexible and diverse building manufacturers in operation today, with access to our own steel supply. Even in economic challenges, our no lay-off practice ensures your building is being designed and fabricated by well trained, loyal employees who know their jobs.
