To Whom It May Concern:

Sunco Construction Company, Inc. has been a valuable partner in several remodeling and new construction projects for Citizens Bank. Sunco acted as general contractor in constructing new branches at Town Center and Heartland Crossing, and in remodels at Greenwood and Plainfield. The expertise, integrity and willingness to work around our open hours made Sunco a great choice for our renovation projects.

Sunco offered alternatives during the construction process, which helped keep all projects very close to the initial budget estimates. The company is very sensitive to meeting the established timelines presented at the start of a project.

After working with Sunco on several major projects, I can unequivocally recommend them as a great company for any size project.

If you have any questions, I can be reached at 317-831-9669 or [lgordon@citizens-banking.com](mailto:lgordon@citizens-banking.com).

Sincerely,

Lynn T. Gordon  
President
